**** Under the broad curricular area, Engagement with the Field, 20 weeks (4+16) shall be allocated over the two years for Tasks, assignments, Teaching Practice and school internship.**

Distribution of Four Weeks

- During the first year, to support better understanding of schools and in preparation of Internship, teacher education institutes shall make provisions for visits to innovative centres of pedagogy and learning - innovative schools, educational resource centres, etc.
- Two weeks of First Year will be devoted to field engagement through different tasks and projects with the community, the school, and the child in school and out-of-school.
- Two weeks of Second Year will be devoted to field engagement through different tasks and projects with the community, the school, and the child in school and out-of-school along with the teaching practice for Pedagogy of School Subject I & II.

Distribution of Sixteen Weeks (School Internship)

- During the Internship, a student-teacher shall work as a regular teacher and participate in all the school activities, including planning, teaching and assessment, interacting with school teachers, community members and children.
- Initially, the student-teachers will observe the school and its classrooms with regular teachers **for one week**.
- For each student-teacher, internship should be conducted preferably in one school within the District of concerned College of Education for the entire another **15 weeks**. However, this period can be divided into two blocks in such a way that teaching in one school at a particular level (for example elementary or senior secondary) during one block, is followed by the teaching in another school or the same school at another level during the second block. Under any circumstances, the student-teacher should not be sent to more than two schools during her/his internship period.
- Student-teachers should be provided opportunities to teach in government and private schools with systematic supervisory support and feedback from Principal/faculty of the school and
- Concerned College of Education giving preference to practice schools and limiting to concerned District only. After completing School Internship from the school, the Principal of the concerned College of Education will countersign the Certificate signed by Teacher Educator of concerned College and Principal of the School.

NOTE: Internship should not be reduced to the 'delivery' of a certain number of lesson plans, but should aim for meaningful and holistic engagement with learners and the school. Moreover, teaching should not be practiced through the reductionist approach of 'microteaching' of isolated 'skills' and simulated lessons.

Note:

- 1) Each student will attend supervised teaching for two weeks in 2nd Year.
- 2) Practical Exam for Course VI (A), VI (B), VII (A) & VII (B) will be conducted by the external examiners at the end of 1st Year.
- 3) Examination of Skill in Teaching and School Based Activities will be conducted by an External Team consisting of one Coordinator (Head Examiner should be of the parent University) and two Members (Sub-Examiners duly approved by the Board of Studies) at the end of 4th Semester. While constituting the team, teaching subject of the Coordinator will be taken into consideration and it will not overlap with the Teaching subjects of other two examiners. Thus, a team will cover all the three streams i.e. Teaching of Languages, Teaching of Sciences and Teaching of Social Sciences.
